

## **TJT Capital Group Named One of Investment News Top 50 Emerging RIAs in America**

Investment News, the premiere source of news, data and information for financial advisors, named TJT Capital Group one of the Top 50 fee-only emerging Registered Investment Advisor firms ranked by discretionary assets under management. The methodology, which was based on the RIA database, included criteria such as growth in assets under management from December 31, 2008 to June 30, 2010 as reported to and defined by the Securities and Exchange Commission.

According to a September 13, 2010 article titled "Biggest RIA firms see discretionary assets jump 16% in 2Q", growth in assets among RIA firms "demonstrates that in the wake of the market downturn of 2008, more high net worth investors are turning to RIAs." A number of investors are looking for change in the wake of the 2008 downturn.

As stated on their website [investmentnews.com](http://investmentnews.com), Investment News has been delivering news and analysis essential to the business of financial advisors since 1998. They also publish a weekly newspaper, which combines comprehensive news with accurate, independent reporting on the entire financial services industry.

Investment News is part of Crain Communications, Inc., one of the largest privately-owned business publishers in the United States with over 30 leading business, trade and consumer publications worldwide. As an authoritative source of vital news and information to industry leaders and consumers, each of the company's newspapers, magazines and electronic news sites have become required reading in their respective sector of business and consumer market.
