

TJT Capital Group, LLC (“TJT Capital”, “we”, or “our”) is a Securities and Exchange Commission (“SEC”) registered investment adviser offering advisory services to retail investors. Brokerage and investment advisory services and fees differ, and it is important for retail investors to understand the differences. We encourage you to use the “Conversation Starters” to ask us for more information. Please visit www.investor.gov/CRS for free, simple tools to research firms and for educational materials about broker-dealers, investment advisers and investing.

<p>What investment services and advice can you provide me?</p>	<ul style="list-style-type: none"> • We offer investment advisory services to retail investors. These services include portfolio management of our client accounts on a discretionary basis and includes buying and selling securities in accordance with our investment objective categories. TJT Capital primarily focuses on mutual fund and ETF selections for client accounts. • Our allocation and investment selection is tailored to a client’s investment goals and objectives and is made in conjunction with our assessment of risk conditions. • We are authorized, without prior consultation or approval with a client, to buy, sell, trade and allocate in and among stocks, bonds, ETFs, mutual funds, sub-advisers, independent investment managers and/or programs (with or without discretion, depending upon the independent manager or program) and other securities and/or contracts relating to the same, on margin (only if written authorization has been granted) or otherwise, and to give instructions in furtherance of such authority to the registered broker-dealer and custodian of the assets. We do not make available or offer advice with respect to proprietary products. • We monitor client accounts on an ongoing basis as part of our services. The firm’s principals meet at least weekly to review trading, markets, risk conditions and information that can have a material effect on your account. • Unless the client has advised us to the contrary, in writing, there are no restrictions that the client has imposed upon TJT Capital with respect to the management of the assets. At the opening of the account, we will obtain from you information to assess your financial situation and investment objectives. • We generally require a minimum account size of \$100,000.00. TJT Capital, in its sole discretion, may, however, waive or reduce its minimum account balance requirement. • More detailed information about our services can be found in our Form ADV Part 2A which is posted on our website and on the Investment Adviser Public Disclosure website https://www.adviserinfo.sec.gov/firm/brochure/150200.
<p>Conversation Starter</p>	<p><i>You are encouraged to ask us the following additional questions:</i></p> <ul style="list-style-type: none"> • <i>Given my financial situation, should I choose an investment advisory service? Why or why not?</i> • <i>How will you choose which investments to recommend to me?</i> • <i>What is your relevant experience, including licenses, education and other qualifications? What do these qualifications mean?</i>
<p>What fees will I pay?</p>	<p>The advisory fees charged by TJT Capital are established in your written agreement.</p> <ul style="list-style-type: none"> • The annual fee for our services is based upon a percentage of the market value of the account assets placed under our management and will typically range from .40% to .50% for Income Based Portfolios and .85% to 1.50% for Equity Based Portfolios. • You will pay our annual investment advisory fee quarterly, in advance, based upon the market value of the account assets on the last business day of the previous quarter. Our fees will be prorated in the event the investment advisory agreement is executed at any time other than the first day of a calendar quarter. We will either invoice you directly or your independent custodian will directly debit your account(s) for the payment of our investment advisory fee. No increase in the fee percentage shall be effective without prior written notification to you. • Our fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses that you incur. You may incur charges imposed by custodians, brokers, and other third parties such as fees charged by managers, custodial fees, account maintenance fees, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees or distribution fees, which are disclosed in a fund’s prospectus. Such charges, fees, and commissions are exclusive of and in addition to our fees.

	<ul style="list-style-type: none"> You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amounts of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. More detailed information about our fees and other costs can be found in our Form ADV Part 2A (Item 5).
Conversation Starter	<p>You are encouraged to ask us the following additional questions about the impact of fees and costs on investments:</p> <ul style="list-style-type: none"> <i>Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?</i>
What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?	<p>When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.</p> <ul style="list-style-type: none"> Our custodians make available to us products and services that benefit our firm but may not benefit our client accounts. These products and services are discussed in greater detail in our Form ADV Part 2A Item 12. The more assets in your advisory account, the more you will pay in fees, and our firm may therefore have an incentive to encourage you to increase the assets in your account. More detailed information about our conflicts of interest can be found in our Form ADV Part 2A which is posted on our website and on the Investment Adviser Public Disclosure website https://www.adviserinfo.sec.gov/lfirm/brochure/150200.
